

Meltech
MELTING TECHNOLOGY

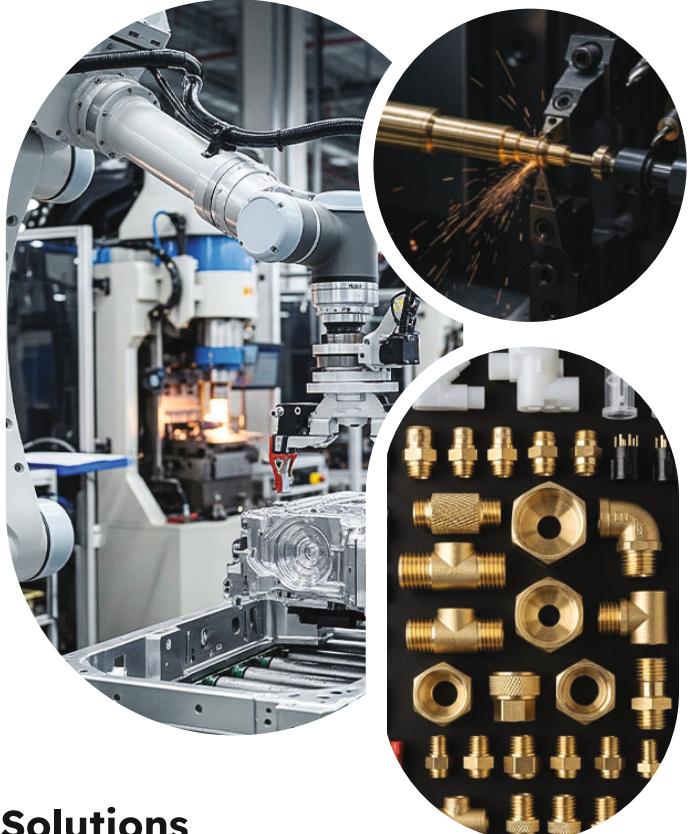

ABOUT

Crafting Precision, Delivering Performance

Meltech Melting Technology is a trusted manufacturer of precision-turned parts, CNC sliding-head components, stamping, molding, and assemblies. With decades of experience, we combine engineering excellence with innovation to power industries worldwide—from electrical and gas applications to hydraulic and pneumatic systems.

- ✓ High-precision CNC & sliding-head turning
- ✓ Integrated stamping, molding & assemblies
- ✓ Serving electrical, gas, hydraulic & pneumatic sectors

A Trusted Partner In Precision Manufacturing And Components Solutions

Our vision

To be the preferred global source for precision components, delivering innovation, reliability, and value across every industry we serve.

Our mission

To manufacture high-quality, application-specific components through advanced technology, skilled craftsmanship, and a commitment to on-time delivery.
